PRINT2DAY
more than just printing

BANNERS & 'A' FRAMES

Please Open your PDF and view @ 200% to check the resolution of any images or gradients - if they look pixelated or blurred that's how they will print

ARTWORK

• PDF (1.4) - No layers

• No Crop/Trim marks needed

• No bleed needed

• Colour is cmyk - Images to be cmyk @ 300dpi

• Black text to be 100% K

• All Text to be Outlined (or supply fonts)

• Don't set up Text in Photoshop (it won't be sharp)

Supply artwork at:

'A' Frames = full size

Pull-up Banners = half size

Vinyl Banners = full size (under 2m)
half size (over 2m)

X-Banners = half size

Vinyl Banners:

Keep vital text or images at least 35mm away from the edges.

Vinyl banners are supplied with rope threaded through the top and bottom seams - eyelets are provided for you to thread additional rope if needed.

(Number of eyelets & position vary depending on size of banner)

20mm grip bar area - for background colour only

This example at full size is
850 x 2000mm
Add 70mm for void area
at bottom
(size is now 850 x 2070)

Make your document half size @ 425 x 1035mm

2000mm

Allow a 60-70mm margin from the void area to keep any information safe and readable

no images or text - only background colour in this area

70mm void area
this part wraps around the roller mechanism
